It will address dealing with requests for information, records management, security and access to information and use of Email and Internet.

The Policy sets out how the school does or will comply with the Acts.

- ♦ it follows the Codes of Practice under DPA, EIR & FOIA.
- ♦ it follows the best practice recommended by the Information Commissioner.
- ♦ it incorporates the recommendations of the Public Records Office on record management.
- ♦ it makes provision for adopting the NYCC School Record Retention and Destruction schedule.
- ♦ the Policy refers to the school's Publication Scheme, how it works and how it can be accessed.

What is information?

Information means any record the school holds in any form. This includes documents, plans, and all other types of recorded information and personal information.

Individuals can ask for any records the school holds and, under current legislation the information must be provided, unless an exemption is applied or the enquirer, having been notified of the charges applicable, does not pay.

MAKING INFORMATION AVAILABLE

St. Augustine's School, as a public body, is open and accountable and will make information available in line with the Data Protection Act, Environmental Regulations and Freedom of Information Act and will only apply exemptions when absolutely necessary. If an exemption applies individuals will be advised they cannot have

the information they have requested and, and where appropriate, given the reason why information is being withheld.

St. Augustine's School will make all information that it holds available unless an exemption is applied or, in respect of FOIA, the cost of supplying the information exceeds the regulatory cost threshold (currently £450), or the enquirer, having been notified of the charges applicable, does not pay.

St. Augustine's School already makes most reports, minutes and reasons for decisions available to the public on request, which complies with the spirit of the legislation to promote openness and accountability.

Personal Data will be collected, stored, used and disclosed with due regard to the requirements of the Data Protection principles. Requests for personal data will be dealt with under the terms of the Data Protection Act.

Requests for environmental information will be dealt with in accordance with Environmental Information Regulations.

All other request for information will be dealt with under the terms of the Freedom of Information Act.

Staff will be provided with training on access to information regimes.

A Publication Scheme will be maintained, in line with the FOIA, and will list the information the school makes readily available, it will advise how it can be obtained and whether any charges apply. The Publication Scheme will be updated as and when appropriate and will be subject to an annual review by the Governing Body.

Responsibility

The Chair of Governors and the Headteacher will jointly consider all requests where a public interest test is applied, or where there is any doubt on whether or not an exemption should be applied. In applying the public interest test they will:

- ♦ Document clearly the benefits from both disclosing and withholding the requested information; and
- ♦ Where necessary seek guidance on case law in deciding where the balance lies.

Reasons for disclosing/not disclosing the information will be reported to the next governing body meeting.

The day-to-day responsibility for implementation of the school's governing body's Information Policy and the provision of advice, guidance, publicity and interpretation of the policy is delegated to the headteacher.

A designated member of staff **Mr. M. Taylor (Head Teacher)** will be a single point of reference and will:-

- ♦ Ensure systems are in place to deal with requests and to co-ordinate/update the Publication Scheme.
- ♦ Consider what information, training and guidance staff may need.

- ♦ Take a view on possibly sensitive areas.

How the school manage requests for information

- ♦ St. Augustine's School will provide reasonable advice and assistance to individuals if they need help in putting a request for information together;
- ♦ Requests will be acknowledged within one school day.
- ♦ If there is any doubt on the scope of information requested clarification will be sought from the applicant.
- ♦ Requests will be responded to within the prescribed timescales.
- ♦ In some cases the disclosure of information may affect the rights of a third party. In such circumstances the school will ensure that disclosure of such information will be in line with FOI, DP and EIR legislation.
- ♦ Where the school receives a request to be dealt with under FOIA and some or all of the information is not held by the school and it is believed that another public authority may hold that information, then the school will ask the applicant if they wish the request to be transferred to the other authority once the information, held by the school has been disclosed. If the school is unable to facilitate the transfer

of the request for information to another authority then, where possible, the applicant will be offered advice to enable him/her to pursue the request.

- ♦ St. Augustine's School will comply with its obligations on requests transferred by another public body in the same manner it would had the request been received directly by the school.
